

Economy Horizontal Conveyorized Band Sealing System

HCBS - 1/8 TX 12" x 5'

- USDA Approved smokeless and odorless Horizontal Conveyorized Rotary Band Sealing System with Bag Top Trimmer.
- Specifically designed for Flat product applications, including Clothing, Toys, Household products, Disposables, Electronics, Paper, Books, Magazines, and Foods including tortillas, bakery goods and more.
- Easy speed control adjustment with permanent magnet DC gearmotor along with full mechanical linkage allows for positive sealer to conveyor synchronization.
- Able to seal Polyethylene, Polypropylene, Polymylar, Coextrusions, Poly laminates, Nylon, Foils and Shrink Films.
- Sealing capacity allows variable speeds of up to 45 feet per minute with constant secure seals of 1/8", 1/4" or 3/8" wide with bag top trimmer. Actual sealing speed depends on structure and thickness of material being sealed.
- Seals are achieved through the use of special heavy duty wear-resistant laminated Teflon Bands.
- Digital Temperature Control with PID Autotune maintains consistent heat and assures quality hermetic seals.
- Hard Chrome plated sealing bars followed by Nickel plated cooling bars allow for maximum wear resistance.

- Scaled down version of our larger HCBS model with the same seal head perfect for conserving floor space and increasing affordability.
- Unit is designed with 5" long heating zone and 5" long cooling zone for greater flexibility in product sealing of difficult materials with temperatures up to 450°F.
- Mounted on a 12" wide x 5' long conveyor. 24" wide conveyor optional.
- Shown with optional 2' non-motorized roller infeed.
- Positive vacuum scrap removal system with scrap accumulator.
- Electrical 110 VAC 10 amps / 60 Cycle
- No compressed air required
